## Master of Library and Information Science (M. Lib. I. Sc.)

The Master of Library and Information Science (M. Lib.I.Sc.) Programme is a one year full-time course after the Degree of Bachelor of Library and Information Science.

#### **Objective:**

The objectives of the Master of Library and Information science course are:

- 1. To acquaint the students with:
  - (a) The organization and development of universe of knowledge and Information.
  - (b) Research organization and Research Methodology.
- 2. To give the students specialized in respect of:
  - (a) Different types of Libraries and Information centres.
  - (b) Kinds of reading material.
- 3. To make the students proficient in:
  - (a) Advanced library techniques and in the methodology of documentation.
  - (b) Advanced information management of selected types of Libraries.

#### **Duration of the course:**

The Master of Library and Information Science course shall comprise of study spread over a period of two semesters in one

year duration. The candidates will be full time students of the course.

#### **Eligibility:**

Candidates seeking admission to the course shall satisfy the following conditions:

- (i) B. Lib. I. Sc. Degree from any recognised university or any other qualification considered equavalent to B.Lib.I.Sc. such as P.G. Diploma in Library Science from recognised Universities.
- (ii) Candidates must bear good moral character and must attach a certificate from the Head of the Department or Instituion along with the application.
- (iii) Candidates must fulfill other conditions as may be prescribed by the Admission Committee from time to time.

#### **Admission Procedure**
