### Online Education

1. Does all programs/courses were completed on time.	No
2. Measures taken to complete the syllabus of courses and programs.	<p>Programs under Semester system – Pre-Covid19 During the second half of 2019, the courses were completed well within the pre-defined schedule for programs under the semester system. Routine in-person lectures as per the defined timetable were duly conducted. Make-up classes were organized on the request of the students as well as on the recommendations of mentors. Further, performance of the students are analyzed on the basis of their performance in the internal/sessional examinations and students with below average scores were advised to undertake remedial classes, before the commencement of end-semester examinations, which were conducted during the month of November and December 2019.</p> <p>Programs under Annual system – Pre-Covid19 First half of the annual examination programs continued as per the regular schedule, till the implementation of the national lockdown on March 23, 2020.</p> <p>Programs under Semester and Annual system – During Lockdowns Even semesters continued as per defined schedule, commencing from 02 January 2020 till the implementation of the national lock-down on March 23, 2020. Online asynchronous classes using the applications like Zoom, Google Classes and Microsoft Teams, Cisco Webex Meeting, You Tube Streaming, OERs, SWAYAM Platform and SWAYAMPRABHA (available on Doordarshan (Free dish) and Dish TV), commenced from April 02, 2020 etc. The faculty members have contributed a lot for the benefit of students during the lockdown period by using a number of tools like WhatsApp groups, other social media tools and emails. But the students also expected that the faculty must maintain a “substantive contact” with them. So, even after posting the lecture material online, teachers maintained communication with the students and discussed course material with them on a regular basis. Timetable for Online classes were uploaded on the university website and the same was communicated to the students through Whatsapp. Faculty members conducted lectures from their homes using mobile devices. More-over faculty members also posted pre-recorded videos on their respective YouTube channels, which were available for access by the students. Faculty members evaluated student understanding by conducting MCQ based tests using application like Fyrexbox, Interact, Quizmaker, Classmarker, Monkey Survey etc. Students scoring below average were required to undertake remedial classes. Make-up and remedial classes were conducted for slow-learners, and also on the request of students as well as on the recommendation of concerned mentors. During the lockdown period, for programs requiring the use of laboratories, all Government guidelines including the use of masks, hand sanitizers and social distancing are maintained by the teachers and the students of the concerned department(s) on rotation basis, without violating the norms of “social distancing”. In case of students belonging to areas where a near curfew like situation existed due to extensive spread of the pandemic, the practical's being conducted in the labs were broadcast using Zoom platform, and the results were shared with the non-attending students through e-mails. Sessions were asynchronous and all queries of virtually present students were duly answered and doubts clarified.</p>
